

Helping Children Understand Farm Hazards

What Would You Do?

An illustrated parent-child discussion guide designed to help families talk about the dangers of living on a farm.

Full-page illustrations present 24 real-life situations that involve common farm hazards including livestock, electricity, chemicals, grain, lawnmowers, tractors and farm machinery.

Written and reviewed by farm safety educators and specialists in child development. Also features background material for parents.

Produced by ISU Extension's Safe Farm program, helping to make Iowa farms a safer place to live and work.

Available now from any Iowa State University Extension county office, or order direct from ISU Extension Distribution using the form below. Ask for PM 1840.

Quantity	Reference #	Title	Price each	S&H*	Total
