and mail registration form and check to:

Beth Weiser, program assistant
Ag & Biosystems Engineering
208 Davidson Hall
Ames, Iowa 50011

Questions:    Phone: (515) 294-0557     Email: weiser@iastate.edu
Parking Lot 29 is north of Davidson Hall behind the Molecular Biology Building. You can reach it by coming into the campus on Pammel Drive. From Pammel Drive, turn north onto WOI Road (runs between the Communications Building and the Molecular Biology Building).

Note: The southern part of the parking lot is Lot 28 and is reserved for faculty and staff. You must park in the northern part, marked Lot 29, which is typically reserved for commuter students. You will be ticketed if you are in Lot 28.

In order to identify your car as part of our centennial celebration, a parking sign for your car is required to keep you from getting a ticket. You may pick up a parking sign in the following locations. The sign needs to be placed inside your car, on your dashboard (driver's side) so it is viewable from the front of your car. You will be ticketed in Lot 29 if you do not have one of our signs.

1. Thursday, October 6, 3:00 - 7:00 in the Atrium of Molecular Biology Building
2. Friday, October 7 from 8:00 on in 110 Davidson Hall

Friday, if you are unable to walk to Davidson Hall to pick up your parking sign and then walk back to place the sign in your windshield, you may pull into the Davidson Hall courtyard for a few minutes – long enough to pick up your parking sign and then you must move your car to Lot 29.

If you require handicap parking, please call Beth Weiser so special parking can be arranged for you. (515) 294-0557.
