March 21, 2005

Dear Alumni,

Plans are underway for the 2005 Agricultural and Biosystems Engineering Department Banquet. The Agricultural Engineering, Agricultural Systems Technology, and Industrial Technology students at Iowa State University wish to invite you to join us on Sunday, April 24, 2005, for the opportunity to meet the families and friends of students and department faculty and staff members.

The banquet will be held at the Gateway Center. The Gateway Center is located off of Highway 30 on the Elwood Exit. Loren Kruse, Editor-in-Chief from Successful Farming, will be the featured speaker for this event. Lunch will begin at 12:00 pm, followed by short presentations from the ASAE, AST, and I-Tech Clubs and Department representatives.

We hope you are able to attend and look forward to meeting you! Please RSVP by returning the form below by April 21, 2005.

Sincerely,

American Society of Agricultural Engineers’
Amy Fortman & Todd Kruse
Agricultural Systems Technology
Luke Olson
Industrial Technology
Kristen Watters

Meal will include: crisp garden salad, dinner roll, garlic mashers and fresh vegetable medley
Please write names under preferred entrée.
